

TUTORIAL 13

Make demo video

❑ Purpose:

- The demo video is intended to present the website (product) to the client in their absence today.
- This video is sent to the client to get feedbacks for improvement.

❑ Duration: 10-15 minutes

❑ Procedure:

- Each group will take turns going to the lecturer's desk, connecting the HDMI cable to the TV, and starting the demonstration.
- The demo will be recorded using smartphone.

❑ Content:

- Present all website features with a focus on the standout features.
- Ensure a clear and structured demo plan, highlighting the key strengths and functionalities of the website.

❑ Hosting:

- Upload the recorded video to YouTube or Google Drive with public access for easy viewing by the client.

Send demo video

❑ Subject:

[Capstone Project 1 (VNU IS)] - Group number -
